SlimStar 330
Multimedia keyboard with touch panel

Genius
Live with Ideas

The **SlimStar 330** from **Genius** is the latest multimedia keyboard with revolutionary Touch Sensitive multimedia panel technology, built in red backlight LED lets you touch a feature instead of pushing a key.

SlimStar 330 is a high qualities slim, comfortable keyboard with improved key cap providing great tactile feedback. You can quickly access the Windows Vista world with features such as Flip 3D, Photo gallery and Sidebar & Gadgets, and easily launch your MSN. Two USB 2.0 high speed ports make it easy for you to connect a mouse, joystick or other device. The black stylish sleek design is a great match for your PC environment. Ask your sales representative for more information about the **SlimStar 330**.
